Re: Letter of recommend

To whom It may concern:

Kyle Zacher came to us as a background actor and stepped up when the original actor had to back out.

Kyle was cooperative and ready to do whatever needed or asked of him. He played a supporting actor, but pivotal role in our production. He offered some perspective on his part which was very thoughtful without being overbearing.

I would recommend him as a versatile character actor. And I would not hesitate to call on him again. He can also be valuable for V.O. work. His performance in Vengeance:A Tombstone Rememberance was A one.

And, very important, he is a team player.

Sincerely,
